Tow it!

Rameder's convenient camping van towbars

You can't possibly be more flexible than when travelling in a camping van. No boarding times, no waiting at a hotel reception desk, and a pillow just as you like it. To keep it that way and make your trip less complicated in terms of luggage (you don't want to get a ticket for overloading, do you?), **Rameder** sells retrofittable towbars. Now you can use a trailer to carry all your many pieces of luggage or even motorbikes, scooters, boats or horses, a second car or racer. This will cover any conceivable hobby you may want to pursue at your destination. And you can also opt for a bike carrier.

Thanks to the intuitive search function on www.rameder.eu, owners of a Volkswagen T6 and other models only need a few clicks to find the right product. So with a little help from **Rameder** camping vans will tow even the most bulky or heavy piece of luggage.

In the **Rameder Shop** at www.rameder.eu you'll find many useful automotive products. Have a look!
